A Verified Statement of Facts of Mr. Paul W. Davis, Patent Attorney and Director of Intellectual Property for Amkor Technology, Inc. is submitted in support thereof. VERIFIED STATEMENT OF FACTS OF PATENT ATTORNEY PAUL W. DAVIS
UNDER 37 C.F.R. § 1.47

As Director of Intellectual Property and a registered patent attorney on behalf of Amkor Technology, Inc. ("AMKOR") and Amkor Technology Korea, Inc. ("ATK") which is a wholly owned subsidiary of AMKOR, I hereby state and declare that:

1. I am currently the Director of Intellectual Property for AMKOR, and have held this position with AMKOR since September 5, 2000.
2. ATK's acquisition of Anam Semiconductor, Inc.'s ("ANAM") Korean divisions K-1, K-2, K-3 and K-4 was completed on May 1, 2000.
3. AMKOR acquired through its wholly owned subsidiary ATK, inter alia, all rights to ANAM's intellectual property. This included all rights to the above-identified application.
4. Mr. Mu Hwan Seo ("SEO") was hired by ANAM on July 20, 1987 and resigned from the ANAM on March 24, 2000, prior to its acquisition by ATK.

5. The patent application herein identified was filed with the U.S. Patent and Trademark Office on October 13, 2000 and named Tae Heon Lee, Young Suk Chung and recalcitrant SEO as co-inventors. This application claimed convention priority to Korean Patent Application No. 99-44650 as filed on October 15, 1999.
6. On October 12, 2000, recalcitrant SEO was sent, via DHL Worldwide Express courier service by an agent acting under my authority, a true and accurate copy of the above-identified U.S. patent application, including the entire specification and drawings, along with a letter in which we requested his review of the application documents and his signature on the declaration and assignment documents relating to the filing and the prosecution of the above-identified U.S. patent application. A true and correct copy of this letter to SEO is attached as **EXHIBIT A**.
7. In a letter dated October 30, 2000, counsel for recalcitrant SEO expressly stated that AMKOR was not to contact the recalcitrant SEO regarding the U.S. patent application identified herein. A true and correct copy of this letter from the recalcitrant SEO's counsel is attached hereto as **EXHIBIT B**.
8. On January 15, 2001 and January 16, 2001 respectively, Tae Heon Lee and Young Suk Chung signed the combined Declaration with Power of Attorney document, which is believed to meet the requirements of 37 C.F.R. § 1.47(a), 35 U.S.C. § 116, and the additional requirements as set forth in M.P.E.P §409.03(a)(1-3). A true and correct copy of said document as executed by Inventors Lee and Chung in connection with the U.S. patent application discussed herein is attached as

EXHIBIT C.

9. On January 15, 2001 and January 16, 2001 respectively, Tae Heon Lee and Young Suk Chung executed an assignment document assigning their rights to the above-identified U.S. patent application to AMKOR. This establishes a protectable proprietary interest in the above-identified U.S. patent application. A true and correct copy of the assignment is attached hereto as **EXHIBIT D**.
10. Although having requested the same, AMKOR has not yet received an executed combined Declaration with Power of Attorney document from recalcitrant SEO in support of the U.S. patent application herein identified.
11. Upon information and belief, recalcitrant SEO originally agreed to assign all rights in any patent application made during his employment at ANAM in accordance with “rules”, “orders” and “business instructions.” Once the Korean K-1, K-2, K-3 and K-4 divisions of ANAM were acquired by ATK, recalcitrant SEO’s duties under his employment agreement or written pledge with ANAM became an obligation to ATK, as well as its parent company AMKOR. A true and correct copy of the employment agreement (or written pledge) is attached as **EXHIBIT E**.
12. Attached as **EXHIBIT F** is a true and correct copy of a Power of Attorney granting Paul W. Davis, the Director of Intellectual Property for AMKOR, the authority to act on behalf of AMKOR on all matters relating to patents before the U.S. Patent & Trademark Office, as well as all foreign patent offices.
13. Attached as **EXHIBIT G** is a true and correct copy of a Power of Attorney granting Paul W. Davis, the Director of Intellectual Property for AMKOR, the

authority to act on behalf of wholly-owned subsidiary ATK on all matters relating to patents before the U.S. Patent & Trademark Office, as well as all foreign patent offices.

14. AMKOR has obtained rights to the above-identified U.S. patent application through its wholly-owned subsidiary ATK, which in turn obtained its rights through its acquisition of the Korean K-1, K-2, K-3 and K-4 divisions of ANAM, which had rights to the application by virtue of its employment of the recalcitrant SEO and, upon information and belief, in accordance with recalcitrant SEO's employment agreement.
15. I declare further that all statements made herein of my own knowledge are true, and that all statements made on information and belief are to be true; and further that these statements are made with the knowledge that false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States code, and that such false statements may jeopardize the validity of the application or any patent issuing thereon.
